Catastrophic Health Insurance

1. PROVISIONS RELATING TO PART A OF MEDICARE PROGRAM AN SUPPLEMENTAL PREMIUM

Present law

(a) Part A benefits

(1) *Hospital Benefits.*—The Medicare Catastrophic Coverage of 1988 (MCCA) provided coverage for an unlimited number of pital days subject to one annual deductible.

Previously, coverage was linked to a spell of illness. A spe illness began when a beneficiary entered a hospital and e when he or she had not been an inpatient for a hospital or sk nursing facility (SNF) for 60 days. For each spell of illness, on ductible was imposed for the first 60 days of care. Days in exce 60 were subject to coinsurance charges; a beneficiary could p tially have exhausted all inpatient hospital benefits.

(2) *Skilled Nursing Facility Benefits.*—The SNF benefit as n fied by MCCA authorizes coverage for up to 150 days of car calendar year; no prior hospitalization is required. Daily coi ance charges are imposed for the first 8 days per year equal t percent of the national average Medicare reasonable cost for care (estimated at $25.50/day in 1989).

Prior to MCCA, Medicare covered 100 days of post-hospital care per spell of illness. (See definition under (1)). Benefici were subject to daily cost-sharing charges (equal to one-eigh the inpatient hospital deductible on days 21–100).

(3) *Home Health Benefits.*—Home health benefits are covered under Medicare if the beneficiary is homebound and requires skilled nursing care on an intermittent basis or physical or speech therapy. Program guidelines have defined intermittent as permitting daily care for 5 days a week for up to 2 or 3 weeks. MCCA, effective January 1, 1990 expands the intermittent definition so that daily care is defined as up to 7 days a week for 38 days.

(4) *Hospice Benefits.*—MCCA provided for an extension beyond the 210-day limit if the beneficiary is rectified as terminally ill.

(5) *Transition Provisions.*—No provision.

(6) *Hold Harmless.*—MCCA applied a special provision in the case of a beneficiary whose spell of illness (for which a deductible was imposed) began before Jan. 1, 1989 and had not ended on that date. No deductible could be applied for that spell of illness in 1989 or 1990.

(7) *PPS Payments.*—MCCA provided for transitional adjustments in PPS payments to take into account the new law.

In the case of a hospital exempt from PPS, MCCA provided for an adjustment in the target amount (the annual limit on total Medicare payment to such a hospital) to take into account the additional days of care that Medicare would be covering. In computing this adjustment, the Secretary has excluded days of care that will be provided to beneficiaries who had exhausted their Medicare inpatient benefit before January 1, 1989.

(b) *Supplemental Medicare Premium and Federal Hospital Insurance Catastrophic Coverage Reserve Fund.*—All persons entitled to Medicare Part A who have a Federal tax liability of $150 or more are required to pay the supplemental premium. The supplemental premium is collected in conjunction with income tax payments. An estimated 41 percent of enrollees will pay the supplemental premium in 1989.

The Internal Revenue Code specifies the following supplemental premium rates per $150 of tax liability for 1989 through 1993: 1989, $22.50; 1990, $37.50; 1991, $39.00; 1992, $40.50; 1993, $42.00. The maximum supplemental premium amount is $800 in 1989, $850 in 1990, $900 in 1991, $950 in 1992, and $1,050 in 1993.

MCCA created a Federal Hospital Insurance Catastrophic Coverage Reserve Fund on the books of the Treasury, to which is appropriated amounts received from the supplemental catastrophic coverage premiums equal to 100 percent of Part A catastrophic benefit outlays.

(c) *Study.*—MCCA required the Secretary of the Treasury to study and report to Congress by November 30, 1988, on Federal tax policies to promote the private financing of long-term care.

Effective date.—(a) Effective January 1, 1990, except terminat of transitional PPS adjustments effective as if included in the actment of MCCA. (b) Effective January 1, 1990, except premi repeal applies to taxable years beginning after December 31, 19 (c) Effective January 1, 1990.

Senate amendment

(a) Part A benefits

(1) *Hospital Benefits.*—No provision.

(2) *Skilled Nursing Facility Benefits.*—Provides post-hospital extended care services coverage for up to 100 days during any spell of SNF care. Restores post-hospital requirements in effect prior to MCCA and makes conforming changes.

Defines the term "spell of SNF care". It is a period of consecutive days. It begins with the first day (not included in a previous spell of SNF care) on which the individual is furnished extended care services and which occurs in a month the individual is entitled to Part A. It ends with the close of the first 60 consecutive days thereafter on which he is not an inpatient of a SNF.

Restores pre-MCCA coinsurance requirements. The daily coinsurance, equal to one eigth of the inpatient hospital deductible, is imposed on days 21–100.

Requires the GAO to study the reasons for the unexpected increase in cost estimates of the Medicare extended care benefit. GAO is to report to Congress by February 1, 1990 on the results of the study.

Provides that the Secretary may provide coverage for extended care services that are not post-hospital. Such coverage is available at such time and for so long as the Secretary determines that inclusion of such services will not (A) result in any increase in the total SNF payments, and (B) will not alter the acute nature of the SNF benefit. The Secretary is required to provide to the extent necessary: (A) for limitations on the scope and extent of such services and on the categories of individuals who may be eligible for such services; and (B) notwithstanding relevant payment provisions, such restrictions and alternatives on the amount and method of payment that may be necessary.

(3) *Home Health Benefits.*—No provision.

(4) *Hospice Benefits.*—No provision.

(5) *Transition Provisions.*—Provides a transition provision for an individual who is in a current spell of SNF care. The number of days of coverage of extended care services (furnished during such spell and on or after December 1, 1989) to which the individual is entitled under Part A cannot exceed 150 less the number of days for which such benefits were payable for such individual in 1989 before December 1. Further, in applying the copayment provisions (as in effect before enactment of this Act) extended care services furnished during such spell during 1990 shall be considered to have been furnished during 1989. For purposes of this provision, the term "current spell of SNF care" means a spell of SNF care which began before December 1, 1989, which includes such date, and for which benefits for extended care services were payable before such date.

Provides that in no case shall the establishment of the definition of the spell of SNF care result in an individual being entitled to benefits for extended care services for more than 150 days during 1989. Provides that if an individual would otherwise be entitled to benefits in excess of 150 days in 1989, such unpaid days in 1989 do not count in determining the number of days of benefits for such

services in 1990 during a spell of SNF care. Further they do
count in the determination of coinsurance.

Specifies that for purposes of the transition provisions, the te
"spell of SNF care" has the same meaning as defined under
above. Days before December 1, 1989 are included in the deter
nation of spells of SNF care.

(6) *Hold Harmless.*—No provision.

(7) *PPS Payments.*—Includes identical provisions with respect
clarification of transition for PPS-exempt hospitals.

(b) *Supplemental Medicare Premium and the Federal Hospital
surance Catastrophic Coverage Reserve Fund.*—Similar provisi
except disposal of funds applies to balance as of the date of ena
ment.

(c) *Study.*—No provision.

Effective date.—(a) applies to extended care services furnished
a spell of SNF care beginning on or after December 1, 1989 exc
as provided in transition provision. PPS-exempt payment adju
ment effective as if included in the enactment of MCCA. (b) ena
ment, except premium repeal applies to taxable years beginni
after December 31, 1988.

2. PROVISIONS RELATING TO PART B OF THE MEDICARE PROGRAM

Present law

(a) Part B benefits.—MCCA provided coverage for the following new Part B benefits effective January 1, 1990: a limit on beneficiary Part B deductible and coinsurance charges ($1,370 in 1990); biennial screening mammograms, subject to a payment limit and Part B coinsurance charges; 80 hours of respite care per year if the beneficiary reaches either the catastrophic or prescription drug deductibles; and coverage for home intravenous drug therapy services.

(b) Outpatient Prescription Drug Benefits.—MCCA authorized catastrophic coverage for outpatient prescription drugs. Effective January 1, 1990, a limited prescription drug benefit is established for home IV drugs and immunosuppressive drugs furnished after the first year following a transplant (they were already covered in the first year). The deductible is $550 in 1990; the coinsurance is 20 percent for home IV drugs and 50 percent for immunosuppressives. The deductible does not apply in the case of home IV drugs dispensed in connection with home IV therapy services initiated during a hospital stay.

Coverage for all outpatient prescription drugs begins in 1991, subject to specified deductable and coinsurance anounts.

Payments for single-source drugs is the lowest of the pharmacy's actual charge, the 90th percentile of pharmacy charges (beginning in 1992) or the average wholesale price plus an administrative allowance.

(c) Part B Premium.—MCCA provided a fixed dollar increase in the monthly Part B premium for all Part B enrollees to finance a portion of the catastrophic benefits added by MCCA. The add-on to the Part B premium was $4.00 for 1989; $4.90 for 1990; $7.40 for 1991; $9.20 for 1992; and $10.20 for 1993. Amounts for future years were based on actual program experience during prior time periods. MCCA extended indefinitely a hold harmless provision, which provides that beneficiaries who have their Part B premiums deducted from their social security or railroad retirement checks cannot have the amount of the social security benefits drop because of a Part B premium increase.

MCCA established a Federal Catastrophic Drug Insurance Trust Fund, to which is transferred amounts from the supplemental premium and the new prescription drug monthly premium (a component of the additional Part B monthly premium amount) to pay for the prescription drug benefit. MCCA also established a Medicare Catastrophic Coverage Account which is credited with receipts and debited for outlays for all new catastrophic benefits except prescription drugs.

House bill

(a) Part B Benefits.—Repeals the following new Part B benefits provided in MCCA: the limit on beneficiary Part B liability, mammograms, respite care coverage, and home intraveneous (IV) drug therapy services. Also repealed are the provisions requiring research on long-term care services and that requiring the study of adult day care services.

(b) Outpatient Prescription Drug Benefits.—Deletes MCCA age for outpatient prescription drugs. Retains the MCCA re ment that physicians include the appropriate diagnosis code requesting Medicare payment, effective March 31, 1989.

(c) Part B Premium.—Repeals the MCCA increase to the care Part B premium for catastrophic benefits, the Federal strophic Drug Insurance Trust Fund, and the Medicare Catast ic Coverage Account. Retains the hold harmless provision.

Provides for a one-time transfer, as of January 1, 1990, fron Supplementary Medical Insurance (SMI) Trust Fund to the H tal Insurance (HI) Trust Fund an amount equal to (1) the am of the add-on to the Part B premiums collected for catastr coverage, minus (2) Part B administrative expenses incurre implementation of MCCA, plus (3) interest accrued to the Trust Fund attributable to the balance of (1) minus (2).

Effective date.—(a) and (b) effective January 1, 1990. (c) ap January 1, 1990, except that the repeal of the provision adju Part B premiums applies to premiums for months beginning December 31, 1989.

Senate Amendment

(a) Part B Benefits.—Repeals the Part B cap. Delays impleme tion of the mammogram and home IV drug therapy services p sions until 1991 (and delays other reference dates in those p sions by one year).

Delays implementation of the respite provision until 1991. payment threshold provision is modified to provide that the month coverage period begins on the date that the Secretary de mines that a chronically dependent individual has incurred ou pocket Part B cost-sharing equal to the Part B catastrophic li The catastrophic limit is $1,780 in 1991. This threshold is increa each year by an amount estimated by the Secretary to reflect amount of such charges which will be incurred by only 5.5 perc of beneficiaries (other than HMO enrollees) in the following y The Secretary is required to promulgate a new limit each year. Secretary is required to submit a report to Congress by June 1990 on alternative eligibility standards for respite benefits.

(b) Outpatient Prescription Drug Benefits.—Limits coverage outpatient prescription drugs to immunosuppressives and home drugs provided in 1991 and thereafter. The deductible is $550 1991, increased in future years by the percentage increase in MEI applicable to physicians services. Specifies that the coins ance is 20 percent.

Provides that payment for single-source drugs on the basis of 90th percentile of pharmacy charges is delayed until 1993. Specif that the administrative dispensing allowance is $4.50.

Deletes provisions relating to prepaid organizations, physici guide, definition of outlays, participating pharmacies, administ tive provisions, modification of HMO/CMP contracts, requirem for reestimation of costs, requirement for a series of addition studies, and development of a standard claims form. Modifies requirement for report on outlays and receipts. An annual report required each May, beginning in 1990.

Deletes provision requiring establishing the Prescription Drug Payment Review Commission; however, the Commission is authorized to continue its activities for 30 days after enactment.

(c) *Part B Premium.*—Combines current catastrophic coverage monthly premium and prescription drug monthly premium into a single catastrophic coverage monthly premium. Specifies that this premium is the same as the total of the two premiums under current law for 1989–1993. Requires the Secretary to determine during September 1990, 1991, and 1992, the monthly actuarial rate for months in the succeeding year which if substituted for the specified amounts would assure (taking into account potential contingencies) a positive balance in the Medicare Catastrophic Coverage Account at the end of the succeeding year. If this rate is lower, it is to be substituted for the amount otherwise specified for that year.

Deletes current requirements for calculation of the premium after 1993. Specifies that each September (beginning in 1993), the Secretary is required to determine the monthly acturial rate for months in the succeeding year which would assure a balance in the Account at the end of the year equal to 20 percent of the total debits to the Account in the year. This rate is the catastrophic monthly premium for the year.

Specifies premiums applicable for residents of Puerto Rico and the territories. For Puerto Rico, it is $1.30 per month for 1989 and $1.40 per month for 1990. For other commonwealths and territories, it is $2.10 in 1989 and $2.30 in 1990. In subsequent years, a rate is determined for Puerto Rico and another rate is determined for other commonwealths and territories, each of which is a fraction of the rate determined for the States and DC. The fraction is to reflect the relative per capita outlays which are accounted for under the Account for residents in such respective areas compared to those for residents of the States and DC.

Specifies that, for Part B only individuals, the Part B premium (otherwise determined without regard to the catastrophic calculation) is to be increased (beginning January 1991) by a fraction of the increase otherwise determined. The Secretary is required from time to time to establish a fraction that reflects the relative per capita outlays accounted for under the Account by Part B only individuals compared to individuals entitled to benefits under both Parts A and B.

Includes a one-time transfer of funds provision similar to the House bill.

Provides for appropriation from the SMI trust fund to the HI trust fund from such amounts as are attributable to catastrophic coverage monthly premiums imposed after December 1989. The appropriation equals the amount by which HI outlays attributable to catastrophic expenses exceeds the amounts transferred under the one-time transfer of funds provision. The amounts shall be transferred from time to time (not less frequently than monthly) based on estimates made by the Secretary. Periodic adjustments are to be made.

Repeals the Federal Catastrophic Drug Insurance Trust Fund and makes conforming changes to provisions relating to the Medicare Catastrophic Coverage Account.

Effective date.—(a) enactment except the repeal of the Part I effective as if included in MCCA; (b) enactment; (c) enactment

Conference agreement

(a) *Part B Benefits.*—The Conference agreement includes House provision.

(b) *Outpatient Prescription Drug Benefits.*—The Conference ag ment includes the House provision.

3. OTHER MISCELLANEOUS AMENDMENTS

Present law

(a) *Revision of Medigap Regulations.*—Individually purchased vate health insurance policies which are designed to supplen Medicare's coverage are known as medigap plans. Law, prio passage of MCCA established a voluntary certification program such policies. To be certified under the program, the plan m meet or exceed standards set forth in a model regulation appr by the National Association of Insurance Commissioners (NA The voluntary program applies only in States which fail to es lish equivalent or more stringent programs; almost all States h established their own programs.

MCCA amended procedures for Federal certification of med policies. New NAIC model standards, designed to eliminate dup tion between medigap policies and Medicare's new catastro coverage, were adopted Sept. 20, 1989 and replaced prior law st ards for new medigap policies. Policies sold before enactmen MCCA and in effect on January 1, 1989 were deemed not to di cate Medicare's new benefits if they complied with NAIC m transition rules. These rules required insurers to notify bene aries of policy and premium changes and to make appropriate mium adjustments in their policies.

(b) *Contracts with Prepaid Health Plans.*—MCCA required Secretary to modify contracts with prepaid health plans, for tions of contract years occurring after December 31, 1988, to t into account the MCCA provisions. The plans are required to m appropriate adjustments in the terms of their agreements v beneficiaries, including adjustments in benefits and premiums.

The Secretary announced the average per capita rate payn for prepaid health plans on September 7, 1989.

(c) *Notice of Changes.*—MCCA provided that the Secretary n provide to new beneficiaries and annually distribute to curr beneficiaries notices containing an explanation of Medicare's be fits, Medicare's limits on payments, and the limited benefits long-term care services available under Medicare and under St Medicaid plans.

(d) *Other Miscellaneous Amendments.*—MCCA provided fo "maintenance of effort" provision requiring certain employers provide additional benefits or refunds to beneficiaries equal to

value of the benefits in their plans which duplicated Medicare's new catastrophic coverage. Federal Employees Health Benefits (FEHB) plans are required to provide a rebate equal to the duplicative benefits. MCCA required the Office of Personnel Management (OPM) to conduct a study of changes to the FEHB program that may be required to incorporate plans designed specifically for Medicare-eligible individuals; OPM issued the study in April 1989.

MCCA required the Secretary to establish a 3-year demonstration project to train volunteers to provide benefits counseling and assistance concerning the Medicare and Medicaid programs to elderly persons.

MCCA required the Secretary to establish by July 1, 1989, four demonstration projects to provide case management services to Medicare beneficiaries with selected high cost illnesses.

MCCA required the HCFA Administrator to appoint, within 90 days of enactment, an Advisory Committee on Medicare Home Health Claims to study the reasons for the increase in the denial rate for home health claims, the ramifications of such denials, and the need for reform. The Committee is to report its findings within 1 year of enactment.

House bill

(a) *Revision of Medigap Regulations.*—Provides a period of 90 days, beginning with enactment, for the NAIC to amend their model medigap regulation to reflect the Medicare benefit changes made by this provision. Provides that the amended regulation would apply in a State effective on the date the State adopts medigap standards equal to or more stringent than the revised regulation, or 1 year after the date the NAIC first adopts such revised regulation. Provides that if the NAIC does not amend the model regulation within 90 days, the Secretary must promulgate revised Federal model standards within the subsequent 60 day period. These standards would become effective on the earlier of the date the State adopts the standards, equal or more stringent than the revised standards, or one year after the date the Secretary promulgates the standards. After either of these dates, no medigap policy may be certified by the Secretary and no Secretarial certification may remain in effect unless the policy meets the revised NAIC model standards (or the revised Federal model standards.)

Provides that medigap policies issued after July 1, 1990 must comply with the revised NAIC model regulation or Federal model standards to be in compliance. Provides that medigap policies issued before July 1, 1990 are deemed to be in compliance with the new standards if they comply with a transition provision to be issued by the NAIC no later than December 15, 1989 (or failing that, by the Secretary by Jan. 1, 1990). The transition regulation ceases to apply on the earlier (sic) of the date the State adopts the NAIC model regulation or Federal model standard or the date established for States requiring legislative action.

Provides that medigap policies in effect on January 1, 1990 would not meet the standards unless each policy holder who is eligible for Medicare is sent a notice by Jan. 31, 1990 explaining the change in Medicare's benefits resulting from this provision, and how these changes affect the policy's benefits and premium.

Provides that if an insurer had a medigap policy in effect a December 31, 1988 which was terminated by the policyholder a January 1, 1989 (or at the earliest renewal date thereafter), t the insurer must offer the policyholder (through written notice January 15, 1990) continuation of coverage from January 1, 199 March 1, 1990. Provides that such continuation coverage be un the terms respecting treatment of preexisting conditions and gr ratings of premiums which are at least as favorable to the indi ual as such terms which existed with respect to the policy as of cember 31, 1988.

Expresses the sense of Congress that States should respond the earliest practicable date after the enactment to requests by surers for review and approval of riders and premium adjustme for Medigap policies in order to comply with the changed requ ments.

(b) *Contracts with Prepaid Health Plans.*—Provides that the quirement for contract adjustments ends January 1, 1990.

(c) *Notice of Changes.*—Provides that the Secretary must prov in the 1990 beneficiary notices a description of the changes in M icare benefits made by this provision.

(d) *Other Miscellaneous Amendments.*—Repeals MCCA provisi related to maintenance of effort, FEHBP rebates, the OPM stud plans for Medicare-eligible individuals, benefits counseling and sistance demonstration project for certain Medicare and Medic beneficiaries, case management demonstration projects, and Advisory Committee on Medicare Home Health Claims.

Makes other miscellaneous technical corrections.

Effective date.—(a), (b), and effective January 1, 1990, except repeal of the maintenance of effort provision would not apply duplicative Part A benefits for periods before January 1, 1990. effective on enactment.

Senate amendment

(a) *Revision of Medigap Regulations.*—Similar provision relati to NAIC or Federal actions except refers to revised (rather th amended) NAIC Model Regulation.

Similar provision relating to policies issued after a particul date except that the date is the transition deadline (rather th July 1, 1990). The transition deadline is defined as one year af NAIC adopts the revised Model Regulation or one year after t Secretary promulgates revised Federal model standards, as the c may be. Further, the NAIC transition provision is to provide (1) the restoration of benefits which are no longer duplicative, and elimination of coinsurance for the first 8 days of SNF care.

Similar notice provision except applies to policyholder or cert cate holder.

Provides that if an individual had a Medigap supplemental pol in effect as of December 31, 1988 with an insurer (as a policyhold or in the case of a group policy, a certificate holder) and the in vidual terminated the policy before enactment of this Act, the surer must offer the policyholder or certificate holder (throu written notice between December 15, 1989 and January 30, 19 reinstitution coverage. The individual must be offered during period of at least 60 days (beginning not later than February

1990) reinstitution coverage (with coverage effective as of January 1, 1990). The offering must be under the terms which: (1) do not provide for any waiting period with respect to treatment of pre-existing conditions; (2) provides for coverage which is substantially equivalent to coverage in effect before the date of such termination, and (3) provides for classification of premiums on which terms are at least as favorable to the policyholder or certificate holder as the premium classification that would have applied to that person had the coverage never been terminated. An insurer is not required to make this offer in the case of a policyholder or certificate holder in another Medigap policy as of the date of enactment of this Act if (as of January 1, 1990) the policy under which the individual was provided coverage provides for no waiting period with respect to a pre-existing condition.

Modifies sense of Congress provision to include the sense that premium adjustments be effective January 1, 1990.

(b) *Contracts with Prepaid Health Plans.*—Requires, for calendar year 1990 only, prepaid health plans with risk-sharing contracts to provide the additional Part B benefits otherwise repealed and retains the adjustment in 1990 premium rates to cover the costs of these benefits.

(c) *Notice of Changes.*—Identical provision.

(d) *Other Miscellaneous Amendments.*—Specifies that any refund under the maintenance of effort provision is not to be considered as wages or compensation (as appropriate) and is therefore not subject to taxation for purposes of social security, railroad retirement, or Federal unemployment programs.

Includes miscellaneous corrections included in House bill as well as additional technical corrections to portions of MCCA which are retained.

Effective date.—Enactment, except that provision relating to treatment of refunds under the maintenance of effort provision applies with respect to refunds provided on or after January 1, 1989.

Conference agreement

(a) *Revision of Medigap Regulations.*—The Conference agreement includes the Senate amendment, with an amendment to strike the sense of the Congress provisions. The Conferees intend that States should respond, at the earliest practicable date after the date of enactment of this Act, to requests by insurers for review of riders and premium adjustments for medicare supplemental policies in order to comply with the amendments pertaining to the revision of Medigap regulations, and that all such premium adjustments be effective January 1, 1990.
